Roll called by Secretary Lone Fight III, quorum present.

ITEM 3 TAKEN AREA OF TRIBAL LANDS
Ed Lone Fight said this was a informal meeting with the Army Corp of Engineers to discuss continuing problems with shoreline developments, Recreation and Just Compensation. The meeting is a result of Senator Inoyie's direction. Senator Inoyie requested the Tribe to meet with existing federal agencies and look at the law and review it so that it can be filed with the final report with the Garrison Unit Tribal Advisory Committee. Ed Lone Fight said the Tribe's position is that we get the shoreline back. The situation that the Tribe is under right now is poor at best. The Tribe would like to continue leases that have been executed by the Army of Corp of Engineers and make sure that they are honored and people have access to these recreation sites. Public have to pass Tribal and Indian owned lands to get to recreation sites.

Tribe will meet with the Governor of North Dakota on July 14th to discuss Tourist under Economic Concerns. Col. West said he would execute everything that is discussed today and will report back to his administrators. Col. West does not have the authority to authorize the concerns the Tribe has. Col. West said we could try and resolve as many problems as we can. Ed Lone Fight, Allen McKay, Adeline Burnsell, Col. West, and other members of the corp will fly over the shorelines so the Army Corp of Engineers will have an idea of what the Tribe is talking about.
