ITEM 06: RESOLUTION/DRUG TESTING

Councilman Fast Dog explained this resolution is not yet prepared as there are many issues on this that need to be extensively researched before a resolution is prepared. Councilman Fast Dog stated that he is currently working with the BIA and Job Services on a plan for the drug testing. He plans to have the plan ready for presentation at the next regular council meeting.

The testing will be done by a company from Minneapolis for alcohol, cocaine, and marijuana. Councilman Fast Dog is still working on the legal con-

DRUG TESTING (CON'T)

cerns of this testing dealing with people who refuse to take the testing, and what happens if someone's test comes out positive.

Secretary Rabbithead stated that research does need to be done on this as there are people considering suing the Tribe for invasion of the privacy act on this issue. Another concern that needs to be incorporated in this plan is whether this testing will be mandatory or voluntary.

Treasurer Bird Bear mentioned that if the Tribe does have a drug policy, it would reduce the cost of insurance. Councilman Fast Dog mentioned that we should have a drug policy in place anyway, if we are contracting 638 Programs.

This data is all to be presented at the next regular council meeting.

- ITEM 07: NORTH SEGMENT EXPANSION/GEORGE FAST DOG  
Councilman Fast Dog explained that there are three architects being reviewed for the expansion project. HUD will go with the best one. This project is expected to be completed by mid-winter.
- ITEM 08: NORTHEAST SEGMENT/JOHN J. RABBITHEAD, JR.

Fort Totten is offering a curriculum for Gaming Management. Councilman Gillette suggested we use this curriculum at our Fort Berthold Community College to train the employees for our Casino. Chairman Wilkinson mentioned that it is planned to utilize FBCC for the training of these employees for the gaming establishment.

ITEM 10: RESOLUTION/ATTORNEY FEES FOR DUNCAN OIL #93-44-JJR  
This resolution is for the authorization of the Legal Department to submit an application for legal fees to defend the litigation in the Duncan Energy Case.

Chairman Wilkinson explained this case and two other cases, the Standish and the RTC case, are trying to take the Northeast Quadrant away from the Tribe. Some of the Councilmen will be meeting with the Justice Department in Washington D.C. to intervene in these cases in support of the Northeast Quadrant being part of the reservation and remaining as part of the reservation. The BIA has litigation money available, we need to prepare a proposal for attorney fees, expert witness fee, and also revisit the 1910 mineral studies. The reason we need this mineral study, is to assert ownership on the oil and gas development in the Northeast Quadrant. The purpose of this resolution, therefore, is to request these monies for said purposes.

Chairman Wilkinson entertained a motion to approve.

Vice Chairman Johnson motioned to approve, seconded by Secretary Rabbithead.

Vote: 6 for, 0 opposed, 1 not voting.

ITEM 11: RESOLUTION/WAHPETON INDIAN SCHOOL #93-45-JJR  
Resolution read by Secretary Rabbithead.  
This resolution pertains to the transfer of school and school board control to authority to PL 100-297. This is a resolution in support of this action. This resolution changes the BIA operated

WAHPETON (CON'T)

school to a Tribally operated school which will then operate under grant status.

An inquiry was made of how this will benefit the Three Affiliated Tribes and how we will be represented on the school board. Mr. Bob Hall, Superintendent of the Wahpeton School, replied the board consists of the tribes who represent the high five of students enrolled in the school. Of these high five, the respective Tribes appoint their representatives to the board. The school currently represents twenty-two tribes.

The school is incorporated under Red Lake because in the past ten years, they have had the highest enrollment, and they are the closest in location. Mr. Hall further explained the only oversight Red Lake has over the school is monitoring the charter.

One reason the school would like this changed is because they don't have their own procurement system, they must order through the Bureau and this takes too long. Also the payroll goes through the Bureau. BIA quarterly reports will be submitted to the Tribes. With this change, only federal employees will be replaced, none of our people working will be removed. However, the Tribes basically have no authority except through the school board, but to complete this action, eighty percent of the Tribes of the children served must pass resolutions in support.

Chairman Wilkinson suggested two additions to the resolution as a condition of approval. The first addition is that none of our enrolled members be displaced and their pay remain the same. The second addition is representation on the school board. Mr. Hall commented this will have to be taken back to the school board and they will have to amend themselves for the school board position.

Chairman Wilkinson entertained a motion to approve the resolution as presented with the two additions.

WAHPETON (CON'T)

Councilman Mossett motioned for approval with the additions, seconded by Councilman Fast Dog.

Vote: 7 for, 0 opposed. Motion carried.

ITEM 12: LAND TRADE/RICHARD WHITE BEAR  
Don Morgan, NRD Administrator, stated none of these have gone before the Natural Resources Committee. Normally transactions go there first for discussion. Paperwork needs to be done on these before a final resolution is prepared. On this land trade, there is no paperwork in the BIA.

No action on this land sale today.

ITEM 13: LAND TRADE/HOWARD, GLORIA, & BEVERLY WILKINSON  
#93-55-JJR  
Only a letter of intent is needed to proceed with this land trade. These sections are of equal value. Councilman Gillette mentioned this land trade has been in the Natural Resources office for about four years, and this trade would consolidate the land and be beneficial to the Wilkinson's operation.

Chairman Wilkinson entertained a motion to approve.

Vote: 7 for, 0 opposed. Motion carried.

ITEM 14: PETE FREDERICKS LAND ISSUE

Range Unit 24 into Range Unit 5.

Mr. Fredericks mentioned that Range Unit 24 is what he has now. By taking this, it would eliminate his access to water.

Councilman Fast Dog questioned overgrazing. Mr. Fredericks explained the circumstances upon which the cattle were counted at the time the overgrazing issue was determined.

Councilman Mossett stated that he would just like his land back, for his operations.

Treasurer Bird Bear mentioned if this land goes to Pete, it should be for this period, because the grazing resolution is coming up soon.

Chairman Wilkinson requested the motion reflect that Pete can use this land until the lease expires on December 31, 1993, and that the land be put into Unit 5 on January 1, 1994.

Mr. Fredericks commented that this motion is giving his range unit to Councilman Mossett, and that all of his water is in this unit.

Secretary Rabbithead withdrew his second.

Councilman Gillette then seconded the motion.

Mr. Fredericks stated he wanted Section 14 to be placed into Range Unit 24. But the motion here is giving his entire unit to Councilman Mossett. Vice Chairman Johnson stated the question is on Section 14.

Chairman Wilkinson acknowledged motion and second. He reminded the Council the option is Section 14 into Unit 24. Chairman Wilkinson then asked the
