Dear Tanna:

Enclosed is a preliminary draft for the third year's funding of the 701 Comprehensive Planning Assistance Grant (FY80). I regret that the Council was unable to meet and approve the application as they are traveling on business. However, a full Council meeting is scheduled for next week and I expect approval at this time.

If you have any questions please contact me at the above number.

Sincerely,

100 Planning Management and Coordination

During the FY 78-79, the HUD 701 Program developed a tribal coordination mechanism. This process allowed for a coordination of all tribal programs or projects and all Federal or federally assisted projects or programs on the Fort Berthold Reservation. This procedure allowed for a coordination of activities and not have a duplication of efforts.

However, in order to make tribal government more efficient and less costly, the Tribal Administration hired a Planning Director and established a department of planning and a tribal coordinating mechanism was implemented.

100 Planning, Management and Coordination

Sub-Category 101 Tribal Planning Staff Development

Objective - Establish and insure a more coordinated planning effort for the Fort Berthold Reservation.

Work Elements:

- Initiate and maintain planning efforts with the Tribal Planners. Set up staff meetings on a daily basis to evaluate needs, propose objectives and recommend priorities.
- Continue to establish an inter-office resource center (data information bank) to include documents, publications, graphic display aids, maps, etc.
- Develop communication corridors between the Tribal Business Council and Reservation Communities.
- Provide assistance in short range planning and coordinate overall long-range planning functions.

100 Planning, Management and Coordination

Sub-Category 102 Tribal Planning Board

Objective - Provide an efficient mechanism whereby the planning concerns of programs, community chairpersons and other independent organizations can be voiced and acted upon by the proper people. Work with the Planning Director in achieving the following work elements.

Work Elements:

- Establish a Tribal Planning Board which will consist of the Directors of the respective tribal programs, the community organization chairpersons and officials from independent organizations.
- Establish a format and time interval for meetings of the Board.
- Establish communication channels between the Board and the Planning Department as a means of responding to their requests.
- The Tribal Planning Department will work with the Tribal Planning Board in:
  - (1) Reviewing and updating prior goals, objectives and developmental activities on the Reservation.
  - (2) Implementing a mechanism whereby, when circumstances warrant the Tribal Planning Board may revise certain

goals, objectives and developmental activities.

- (3) Any recommended changes will be presented to the Tribal Business Council for approval.

100 Planning, Management and Coordination

.Sub-Category 103 Public Information/Citizen Participation Program

Objective - Through information dissemination, insure that the Reservation Public is fully informed regarding Tribal Planners and Tribal Planning Board discussion and planning from the beginning in order to obtain timely public response as input in planning process.

Work Elements:

- Implement a Reservation Planning Information Program.
- Schedule regular presentations to community meetings and other community functions.
- Provide regular reports of the planning program to local media.
- Prepare an annual report on the planning program for public dissemination.

100 Planning, Management and Coordination

.Sub-Category 104 Goals and Objectives

Objective - According to the Fort Berthold Indian Reservation, Overall Economic Development Program (O. E. D. P.) our goal is Self-Sufficiency.

Methodology needs to be designed and implemented which will enable a coordination of the Three Affiliated Tribes short-term and long-term objectives and thereby will allow our desired end-product (Self-Sufficiency).

200 Basic Analysis and Inventory

Objective - Gather information which will aid in the development of an initial comprehensive plan. Analyze the on-going status of planning efforts to determine deficiencies and additional work elements required. Based on the information gathered, make recommendations which allow for development of the various elements of the comprehensive plan.

300 Work Elements

Sub-Category 303 Labor Force Report

The Tribal Planning Department will assume the responsibility of conducting the Fort Berthold Indian Reservation's annual Labor Force Report.

In the past, this has been the responsibility of the Bureau of Indian Affairs. However, the B. I. A. budget for FY80 will be cut by at least 85 million. Due to this cutback, the Bureau will experience a heavier workload. The Tribal Planning Department will assist the Bureau's workload by conducting the annual Labor Force Report.

300 Work Elements

Sub-Category 304 Economic Analysis

This work element portion will analyze existing economic potentials on the Reservation. Data will be collected in order to identify strengths, inadequacies and trends in the economic potentials on Fort Berthold. The information gathered will be presented to the five local district planning programs, the central planning board and the Tribal Council members. Such data will assist each entity in the decision making process.

Emphasis will be placed on analyzing economic potentials which generate employment.

The feasibility of irrigation development will also be explored. Expansion of irrigation would provide more job opportunities for the poor and disadvantaged.

300 Work Elements

Sub-Category 305 Housing

Based on information gathered by the 701 Planner's Office there is a need for 250 additional housing units on Fort Berthold. Work is needed in reservation areas for future housing. Present housing needs a closer look. Areas to be investigated are adequacy of sewer and water facilities, curb and gutter, present roads to housing areas and community streets.

End Product:

Information on existing housing facilities have be collected. From this information, recommendations for future housing facilities will be made.

300 Work Elements

Sub-Category 306 Community Facilities

Collection of data on existing community facilities will continue. Mentioned and described will be present water and sewer systems, hospitals, schools, library, fire and police facilities and community centers. From this the need for additional community facilities will be determined.

End Product:

Existing Community facilities as well as needs will be incorporated into the comprehensive plan.

300 Work Elements

Sub-Category 307 Transportation

Compile data and prepare maps on existing transportation systems including: Airports, bridges, highways, railroads and access roads. From this determine adequacy of present system and project future needs.

End Product:

Incorporate data and maps on current transportation systems as well as future needs into the comprehensive plan.

300 Work Elements

Sub-Category 308 Natural Resources

Assist Office of Natural Resources and Energy Development (ONRED) in the inventory of Fort Berthold's natural resources; minerals, water, forests and soils. Review and assess current needs for natural resources information and soil identification.

End Product:

Incorporate completed natural resource information and base maps into comprehensive plan.

300 Work Elements

Sub-Category 309 Parks and Open Space Inventory

Map existing recreation and open space areas. Determine the adequacy of the existing facilities and areas of open space in relation to community as well as potential tourism needs.

End Product:

Incorporate maps of existing parks, facilities and open space areas into the comprehensive plan. Make recommendations for the alleviation of inadequacies in the existing recreational facilities.

300 Work Elements

Sub-Category 310 Codes and Ordinances Analysis

Review existing codes pertaining to housing, construction standards, fire standards and sanitation standards. Analyze existing zoning laws and develop base maps showing present zones.

End Product:

Incorporate existing ordinances and laws as well as suggested changes or additions into the comprehensive plan.

## EMPHASIS AND PREFACE TO BUDGET

The budget presented on the following forms reflects the priorities that have been assigned to the various elements of the overall programs design.

A primary emphasis is placed on:

- I. Expansion of housing facilities which support housing.
- II. Economic development in order to assure employment opportunities for housing tenants.

A secondary through intensive effort will be applied to:

- III. Development of elements of the comprehensive plan.  
During development, steps will be taken to make certain only orderly and efficient growth is experienced on the Fort Berthold Indian Reservation.

All activities will be related to achieving national policy objectives of conservation and improvement of existing communities; expansion of housing and job opportunities and choices for the poor and minorities and promotion of orderly and efficient growth and development.

### ASSURANCES

The Applicant hereby assures and certifies that he will comply with the regulations, policies, guidelines and requirements, including OMB Circulars No. A-95, A-102 and FMC 74-4, as they relate to the application, acceptance and use of Federal funds for this federally-assisted project. Also the Applicant assures and certifies to the grant that:

1. It possesses legal authority to apply for the grant; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body, authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.
2. It will comply with Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and in accordance with Title VI of that Act, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance and will immediately take any measures necessary to effectuate this agreement.
3. It will comply with Title VI of the Civil Rights Act of 1964 (42 USC 2000d) prohibiting employment discrimination where (1) the primary purpose of a grant is to provide employment or (2) discriminatory employment practices will result in unequal treatment of persons who are or should be benefitting from the grant-aided activity.
4. It will comply with requirements of the provisions of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (P.L. 91-646) which provides for fair and equitable treatment of persons displaced as a result of Federal and federally assisted programs.
5. It will comply with the provisions of the Hatch Act which limit the political activity of employees.
6. It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act, as they apply to hospital and educational institution employees of State and local governments.
7. It will establish safeguards to prohibit employees from using their positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties.
8. It will give the sponsoring agency or the Comptroller General through any authorized representative the access to and the right to examine all records, books, papers, or documents related to the grant.
9. It will comply with all requirements imposed by the Federal sponsoring agency concerning special requirements of law, program requirements, and other administrative requirements.
10. It will insure that the facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the project are not listed on the Environmental Protection Agency's (EPA) list of Violating Facilities and that it will notify the Federal grantor agency of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under consideration for listing by the EPA.
11. It will comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973, Public Law 93-234, 87 Stat. 975, approved December 31, 1976. Section 102(a) requires, on and after March 2, 1975, the purchase of flood insurance in communities where such insurance is available as a condition for the receipt of any Federal financial assistance for construction or acquisition purposes for use in any area that has been identified by the Secretary of the Department of Housing and Urban Development as an area having special flood hazards. The phrase "Federal financial assistance" includes any form of loan, grant, guaranty, insurance payment, rebate, subsidy, disaster assistance loan or grant, or any other form of direct or indirect Federal assistance.
12. It will assist the Federal grantor agency in its compliance with Section 106 of the National Historic Preservation Act of 1966 as amended (16 U.S.C. 470), Executive Order 11593, and the Archeological and Historic Preservation Act of 1966 (16 U.S.C. 469a-1 et seq.) by (a) consulting with the State Historic Preservation Officer on the conduct of investigations, as necessary, to identify properties listed in or eligible for inclusion in the National Register of Historic Places that are subject to adverse effects (see 36 CFR Part 800.8) by the activity, and notifying the Federal grantor agency of the existence of any such properties, and by (b) complying with all requirements established by the Federal grantor agency to avoid or mitigate adverse effects upon such properties.
