FORT BERTHOLD RESERVATION**

- WHEREAS,** This Nation having accepted the Indian Reorganization Act of June 18, 1934, and the authority under said Act; and
- WHEREAS,** The Constitution of the Three Affiliated Tribes generally authorizes and empowers the Tribal Business Council to engage in activities on behalf of and in the interest of the welfare and benefit of the Tribes and of the enrolled members thereof; and
- WHEREAS,** The implementation of the massive federal water project, known as the Pick-Sloan Project, on the Fort Berthold Indian Reservation in the 1950s inflicted severe social and economic costs on the tribal people for which they have never been adequately compensated by the federal government;
- WHEREAS,** The adverse impacts of the implementation of the Pick-Sloan Program on Fort Berthold, included the loss of a significant portion of the Tribes irrigable land base, as well as the displacement and dispersion of the tribal population far from adequate supplies of fresh and potable water;
- WHEREAS,** The Tribes' testimony before the Garrison Diversion Unit Commission (GDUC) regarding these adverse impacts resulted in the GDUC recommending that substantial irrigation, as well as other benefits, be awarded the Tribes as partial compensation for losses inflicted by the implementation of the Pick-Sloan Program on the Fort Berthold Reservation;
- WHEREAS,** Congress, as a consequence of the GDUC's recommendations, authorized \$60 million for irrigation development and \$20.5 for municipal, industrial and rural (MIR) development on Fort Berthold under the terms of Pub. L. 99-294;
- WHEREAS,** Congress emphasized in its committee report accompanying Pub. L. 99-294 that the purpose and intent of these authorizations is to partially compensate the Tribes for their losses associated with the taking of their lands as the site for the Garrison Dam;
- WHEREAS,** The Three Affiliated Tribes deem the prompt implementation of the developments called for by Pub. L. 99-294 to be of critical importance to the Tribes;
- WHEREAS,** The Tribal Council believes that the proposed irrigation and MIR developments--if properly designed constructed, and managed--can substantially aid the Tribes in recovering from the substantial adverse social and economic effects of the Garrison Dam on the tribal people of the Fort Berthold Reservation;

WHEREAS, The informed participation of the Tribes in the planning, design and construction of these developments is essential to the fulfillment of the express statutory intent of Pub. L. 99-294;

WHEREAS, BIA and the Bureau of Reclamation (BREC) have acknowledged the necessity of the Tribes' participation by the execution of any Interagency Agreement to achieve that purpose;

WHEREAS, The Legal Department has advised the Tribes to request a Pub. L. 93-638 contract in the amount of \$50,000.00 from BIA for FY 1988 to achieve their formal participation in these developments;

THEREFORE BE IT RESOLVED, That the Tribal Business Council of the Three Affiliated Tribes hereby:
