Despite the cold wind and the cool nights we've been having, not all evenings were cool with winds. This photo was taken last week it was such a wonderful site to see I couldn't resist taking this picture. For those not familiar with our West Segment community, this highway up the hill leads you out to highway 22. On the hill to your left you can see the sign which says welcome to Mandaree.

Now that Spring is here we are hoping for more rain showers to turn our grasses green, since our winter months weren't as bad as they usually are for us here in North Dakota.

We recently had our Spring clean up here in Mandaree you can see photos of that day on pages 4 and 5 in our community paper.

# West Segment Tribal Representative Update

Hello Community Members & Relatives. First of all, I would like to extend my sincere condolences to the Hazel White Owl family and

relatives, the family and relatives of the Hunts Along family, the Lillie Mae Smith family and relatives., and to the family and relatives of Latasha Mendoza-Bateman, and to the family and relatives of Irene White Owl and to the family and relatives of Kirby Reynolds. I would also like to offer my sincere condolences to other families and relatives who recently lost their loved ones from other segments.

Well it looks like Spring is here our weather has been a bit off but we do need the moisture.

On another note, I have been keeping busy attending meetings and taking care of business here in Mandaree when I am able too.

Otherwise I am usually in the New Town office.

We will be having a horse sale coming up real soon here

The horse sale will be on Friday, May 13, 2016 at the Water Chief Hall here in Mandaree. There will be a tack sale starting at 10:00 am and the Horse sale will start at 1PM. Horses can arrive on Thursday evening for brand inspection until dark. Inspection will resume on Friday morning.

If you need any other information or would like to set up as a vendor, you can call Lorraine at 701-590-8212. We look forward to seeing you there.

Also, we recently had our Mandaree Spring clean up and picked up trash here in our community, we had an awesome turn out of community members helping to keep our community clean. I would like to thank the Solid Waste Program for being on hand here to help us get rid of our trash. We will have another clean up day schedule soon. We will keep you posted. There are pictures of our clean up day on pages four and five in our newspaper.

I will have a better and more informative update for you next month.

Thank you for being a good reader.

# Hiraaca Elders

Greetings from the Elder Program Director and Staff and wishing all community members a Happy Spring season.

To dates as the Program Director I have reestablished the

Mandaree Hiraaca Elders Board and have been having monthly meetings. After our next meeting we will change to quarterly meetings and as the Program Director, I will provide all the necessary services requested by the elders. In addition, when the goals were identified for the program we included assessment of services which is what the director is engaged in compiling so our elders can look forward to surveys coming and we would really appreciate your input on how we can improve services and just how we are doing.

Thus far, we have implemented a position for Home Care Assistance who has been in the community to assist elders with daily life chores around the home site. We have sent our surveys for the Tribal Care Insurance for the elders for improved access to health care. We will be sending out another survey for elders who need garden plots plowed and the Roads Director, will be developing a schedule to go out and plow for spring garden preparation. Also the Director will resend the survey for elders who would like home care assistance.

Currently, we have thirty-two (32) elders on our meal delivery service. The Elder Board has made a recommendation to do two (2) separate runs once we have another vehicle repaired and have another driver available. If anyone wants to be included on the meal delivery list one needs to fill out a sign up sheet here at the Elders Building.

Our social activities include a bingo which will be on Thursday, May 19 to be held at the Elders Building. Another social event that we all enjoyed was a trip to Mystic Lake Casino where we received excellent hospitality from the tribal casino staff, who made us feel all welcomed. Many elders used

the transport service and enjoyed the Mall of America. All in all we had a wonderful trip it was nice to get out of Hiraaca Country for awhile.

While it is a lot of planning and coordinating it is great to offer this opportunity to our elders. We are planning our annual trek south to Deadwood in June and I will be coming out with an announcement and sign up sheet for this social event.

Other planning suggested from the Mandaree Hiraaca Elders Board is to recognize our elders in the community during the Mandaree Pow-wow for those elders who are 75 years and older. Our record from enrollment show that we have 11 elders in this age category. This is strictly to recognize and show appreciate for them for their presence and tenacity during their lifetime here in the Mandaree area. We will be coming out with an announcement with further information of our intent in the near future.

If there are any suggestions on a program, please contact the office at 759-3099 and offer some suggestions on what kind of program we can have for them. We will be offering a traditional meal and singers all of which is in the early planning stages.

We look forward to increasing, improving, and evaluating our services to meet the needs of our elders in the Mandaree Community.

We look forward with respect to helping them as we have been taught by our respective ancestors.

Go-wits

# Mandaree's Spring Clean Up

Young trash pickers bringing their load to the trash bins furnished by the Solid Waste Program.

Even though the winds were blowing and the weather was chilly, spring clean up took place. The sign up sheet was in the gym along with trash bags and gloves. Spring clean up began at 10:00 am to 6pm. Everyone got out picked their gloves and trash bags and headed out to clean up our community.

It was a full day of picking up trash, and when the kids were out of school, they came to the center picked up gloves and trash bags and started out picking up the trash.

Participates who picked up trash had their bags counted and during the catered meal they were paid \$5.00 per full bag of trash.

This was a great way to help our community members out and for them to help clean up our west segment community.

Many of the community members showed up and everyone was busy picking up trash. When the kids were out of school they came and helped which made a huge difference.

A total of 1,100 trash bags were picked up by community members. Jessilynn Long Feather had a total 146 bags of trash. Jamie Mckenzie brought in 110 bags of trash.

There was trash from old tires to furniture and mattresses, that were picked up. Two roll overs were available for trash one was for furniture and wood and the other was for trash.

The TAT Solid Waste brought their truck dumpster and roll offs here and loaded up the trash brought in by the truck loads. They had a separate trailer for those who brought in old tires laying around our community.

# More Photos of Mandaree's Spring Clean Up

Even our West Segment Representative Councilman Phelan took time and was out picking up trash.

Pictured above is the West Segment Maintenance Department picking up trash west of our community. People have been dropping their trash here. So our representative had our maintenance people go and clean up a lot of the trash. Pictured below is the roll off getting filled with trash.

We would like to thank all those who participated in our Spring clean up! It was awesome to see parents and their kids work together. Grandparents and their grandchildren everyone helped in our Spring Clean Up. Thank You!

## Outbreak of Mumps in North Dakota

BISMARCK,ND– The North Dakota Department of Health (NDDoH) has received 14 reports of mumps since Feb. 24, 2016. Eight of the cases were reported from Ward County. The age range of cases is 14 to 86 years. The NDDoH is urging North Dakotans to be sure they have received their MMR vaccine. Anyone with symptoms of mumps should be evaluated by a health care provider, and, if they have mumps, stay home for five days after symptoms started, and avoid contact with others.

Mumps is a viral illness best known for the puffy cheeks and swollen jaw that it causes as a result of swollen salivary glands. The most common symptoms include:

- Fever
- Headache
- Muscle aches
- Tiredness
- Loss of appetite
- Swollen and tender salivary glands under the ears on one or both side (parotitis)

Mumps is generally a mild illness, but can cause complications, such as deafness, and inflammation of the testicles, brain, and ovaries. Symptoms may appear from 12 to 25 days after infection. People with symptoms are recommended to see a health care provider for testing, because other illnesses, including influenza, can cause parotitis.

“The best way to prevent mumps is to be vaccinated,” according to Molly Howell, Immunization Program Manager for the NDDoH. “The MMR vaccine protects against measles, mumps, and rubella. All children are recommended to receive MMR vaccine at 12 to 15 months of age and again at 4 to 6 years of age. MMR vaccine is required to attend child care, school, and colleges in North Dakota. People born before 1957 are generally considered immune to mumps due to the high rate of infection at that time.”

Only two of the mumps cases had a history of two doses of MMR vaccine “It is not surprising to see mumps cases in vaccinated individuals,” said Howell. “The mumps component of the MMR vaccine is about 88% effective, according to the Centers for Disease Control and Prevention. MMR vaccine is the only tool that we have available to prevent mumps; 88% is a lot better than not being vaccinated at all. People who have

received two doses of the MMR vaccine are about nine times less likely to get mumps than unvaccinated people who have the same exposure to mumps virus.”

Mumps spreads when an infected person coughs or sneezes. A good way to prevent transmission of mumps is to practice good hygiene habits; regularly wash hands with soap and water, sneeze and coughing into a tissue or your elbow, and avoid sharing drinks, food and utensils.

## NDDoH Encourages TALK. TEST. TREAT. During STD Awareness Month

The North Dakota Department of Health (NDDoH) encourages individuals and health care providers to talk about sexually transmitted disease (STD) prevention during April, STD Awareness Month. The Centers for Disease Control and Prevention (CDC) estimates approximately 20 million cases of STD's occur each year in the United States, half of them among people ages 15 to 24. “Individuals and health care providers need to know that preventing STD's can be achieved with these three steps: Talk, Test, Treat.,” according to Sarah Weninger of the NDDoH.

### Talk:

- Talk openly and honestly to your partner (s) and your health care provider about sexual health and STD's.
- Talk with your partners BEFORE having sex and make sure your discussion covers several important ways to make sex safer.
- Talk about when you were last tested and suggest getting tested together.
- Agree to only have sex with each other.
- Use latex condoms the right way every time you have sex.
- Talk with your health care provider about your sex life, and ask what STD tests you should be getting and how often; not all medical checkups include STD testing, so unless you discuss it during your exam, you shouldn't assume you have been tested.

### Test:

Get tested. It's the only way to know for sure if you have an STD. Many STDs don't cause symptoms. If you're having sex,

## NDDoH Encourages TALK. TEST. TREAT. During STD Awareness Month Continue

getting tested is one of the most important things you can do to protect your health.

### Treat:

- If you test positive for an STD, work with your doctor to get the correct treatment.
- To make sure your treatment works;
- Don't share your medicine with anyone.
- Avoid having sex again until you and your sex partners (s) have each completed treatment.

For more information, contact Sarah Weninger, North Dakota Department of Health, at 701.328.2366. Information about STD's can be found by visiting [www.ndhealth.gov/STD](http://www.ndhealth.gov/STD)

## **Nominations Open for new Native Americans Hall of Honor**

The North Dakota Indian Affairs Commission is pleased to partner with the State Historical Society of North Dakota and the State Historical Society Foundation to establish the Native American Hall of Honor. The nominations period is now open, and the deadline for submitting nominations is May 2, 2016. The nominations form and procedures can be found at [www.nd.gov/indianaffairs](http://www.nd.gov/indianaffairs).

The Native American Hall of Honor, with annual inductions, is a new program recognizing Native Americans who have gone above and beyond in representing their tribe and culture. It is located in the North Dakota Heritage Center & State Museum in Bismarck. The program recognizes traditional and contemporary achievements in four categories: arts and culture, athletics, leadership and veterans. Nominations can be made of people who are living or in memory of those who have died. Up to two people per category will be considered for acceptance into the hall each year.

“The Native American Hall of Honor will be a way for us to recognize the magnificent people from our past and to recognize contemporary leadership for our people,” says Scott Davis, Executive Director of the North Dakota Indian Affairs Commission.

Davis says the induction of the inaugural slate of inductees into the hall will occur in Bismarck, the week after next Labor Day in September. Nominations forms can be completed/submitted online, or transmitted/mailed to: North Dakota Indian Affairs

A Thank You Letter from Julie

Ma-giguts-gi-Adish

To: All My Relations

You All made my day extra Special!

As I returned fro my monthly visit with my transplant team at the Mayo Clinic, Rochester, MN., I was greeted by my sister Connie, she was excited to inform me of how wonderful the April 14th Transplant Benefit Lunch & Silent Auction was. (Both the April fundraiser 4/5 and 4/14). She shared many stories and expressed the generosity of many, especially from family and friends. I cannot tell you how much I appreciated the Love and Support for your gift.

We raised in excess of \$3500! As many of you know organ transplant costs thousands of dollars and for people like me it has been a blessing to be selected as priority and placed on organ donor list.

Your donation will be used for much needed transplant expenses, before and especially after surgery. As I wait for both a liver and kidney, I continue to see my Transplant Teams bi-weekly for ongoing procedures and follow-up. It has been an exhausting challenge, trying to stay active, upbeat, just living life while balancing family responsibility. I am so grateful to be with and near family and friends they have given me hope and strength.

Words cannot express the thanks I send to you all on behalf of myself, husband and sons. I want to acknowledge the Mandaree Community, Chairman Fox, Counsel, TAT employees and to all who attended, those who gave food, items for silent auction and volunteered during benefit.

During a time like this we realize how much family, friends and community really mean to us. I am overwhelmed and touched by your continued support and prayers.

A heartfelt thanks once again for your kindness, generosity and time and effort that was put into making the April Transplant Benefits such a tremendous success.

Kind Regards,

Julie (White Bear) Ortiz

Remembering The Life Of...

Kirby Reynolds Sr.

“Gidabi Awagish” (Sitting Bull)

Kirby Reynolds Sr. “Gidabi Awagish” (Sitting Bull), 68, Bismarck and New Town, died

peacefully at his home in Bismarck, on Sunday, April 23, 2016.

Kirby was born August 6, 1947 to Percy and Carrie (Fox) Rush in Shell Creek. He was raised in Elbowoods, along with his sisters, Shirley and Donna Rush. He was a member of the Alkali Lodge Clan and child of the Water Buster Clan.

He attended elementary school at Killdeer, Mandaree and Wahpeton and high school at New Town. He obtained his GED in 1976. In his younger years he was active in many sports. Kirby continued his education throughout his life. He attended Minot State University and Fort Berthold Community College. In 2008, he graduated with honors, from the University of Mary, where he earned a Bachelor's of Science in Business Management.

Kirby participated in the relocation program in 1969-70 in Dallas, TX. He received his welding certification and worked at Texas Instruments. He had extensive job experiences including Northrup, Tribal Pottery, Flying J, Super Pumper, North Segment, Mandaree Electronics and CHR.

In August 1965, Kirby married Bonnie Fox. From this union six children were born: Kirby Jr., Brooks Sr., Kibbee Sr., Donna, Kimberly and Kilreen Reynolds. He was later blessed with Kerry Hunts Along in 1981.

Kirby was united in marriage to Karen Gross on February 17, 1982 in Stanley; Inez Morris and Rocky Lone Bear were their witnesses. They made their home in New Town where they raised their children. They were also blessed with the opportunity to raise their grandson, Kilby as their own son. They later moved to Bismarck in May 2013.

Kirby believed/practiced in the Native American Church ways. He was a member of the Antelope Society and held the position Announcer. Being an active community member, he served on many pow-wow committees. In his younger years, he traveled to pow-wow's and enjoyed grass dancing,

along with his many brothers, and was a champion grass dancer. He was also a fluent speaker of Hidatsa.

Kirby was a humble, soft spoken, kind hearted and generous man. He never talked negatively about anyone.

He truly believed what he often said “only the man upstairs can judge a man.” He strongly stressed the importance of education to his children and grandchildren. When visiting with Kirby, a little teasing was almost guaranteed, due to his good sense of humor. Nicknaming friends and family was another way he liked to tease. He liked to “coffee cooling” when visiting with his friends.

Kirby enjoyed watching his grandchildren's sports activities. He was a fan of the Atlanta Braves and New England Patriots. He enjoyed listening to pow-wow music, Native American Church and old country music, especially George Jones. His second home was the closest casino!

Lillie Mae Smith 80, Mandaree, went to be with the Lord on Wednesday, March 30, 2016 in a Bismarck hospital after a 2 month illness.

Lillie was born October 5, 1935 in

Poplar, Montana to John "Sarge" W. Smith Sr., and Nellie White Hawk Smith. She was raised in the Poplar, Montana and Elbowoods, North Dakota areas. Her Indian name was given by her maternal grandmother. She was a child of the Dripping Dirt (A-wa-xhe) Clan and was adopted into the Chicken Clan by Rose Crows Flies High.

She attended Indian School in Stephan, South Dakota and graduated from Fort Berthold Community College in New Town, North Dakota in 1986 with a Liberal Arts Degree where she attended college with two of her children. She also attended Fort Peck Community College in Poplar, Montana.

Lillie always worked hard at her various jobs including; the Mandaree jail, MEC, Killdeer Electronics, Holly Sugar Factory, New Town Nursing Home, Four Bears Casino and at the Mandaree School.
